Sir,

Sub: Deadstock - Weigh Bridge - District Livestock Farm, South Kanara - Sanction of - requested

..

A/ There is no weighing machine to record the weights of bigger animals and fodder. A weigh bridge is found to be essential for the District Livestock Farm, South Kanara to take the weight B/ of calves, cattle etc. The cost of Avery No.4218, A.B.S. Cart Weigh bridge of 3 tons capacity with 4' 6" x 6' platform with a cattle pen will be Rs.3765/- ex godown Madras. Erection charges will be extra. I therefore request that Government may be pleased to sanction Rs.4000/- (Rupees Fourthousand only) for the purchase of a cart weigh bridge as per details above. The expenditure is debitable to "41.Veterinary - f. Breeding operations H.Post War Reconstruction (iV) Cattle breeding farms - other charges - Purchase of Deadstock".

MEMORANDUM NO.80012-P&D.II/52-1 DATED 23.7.52

Sub: VETERINARY--District Livestock Farm, South Kanara--Purchase of weigh bridge.

Ref: From the D.A.H. No.1200-IV/52, dated 13-7-1952.

A new weighing machine of 1000 lbs. capacity to weigh cattle fodder etc. has been recently bought for the District Livestock Farm, South Kanara out of the provision for the purchase of deadstock and equipment made in G.O.Ms. 107 Dev., dated 7--1--1950. The D.A.H. has now come up with proposal to purchase a second weigh bridge of 3-ton capacity. If this heavier machine was considered essential, it could have been bought straightaway in the first instance instead of the 1000 lbs. weighing machine. There is need for the utmost economy in Government expenditure at present. The Director is therefore requested to reconsider the matter and report whether it is absolutely necessary to purchase

a second weigh bridge for the Farm now.

Sir,

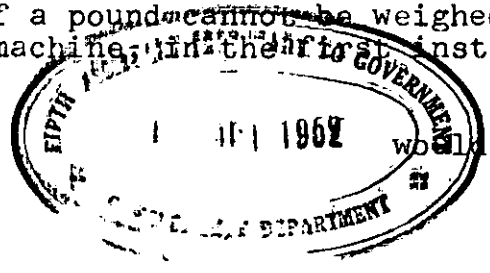
Sub: Veterinary - District Livestock Farm - South Kanara - Purchase of Weigh Bridge.

Ref: Government Memorandum No.80012 P.&D.II/52-1 dated 23-7-1952 and 15-9-1952.

****

I submit that the 1000 lbs. Weighing Machine now available in the District Livestock Farm, South Kanara is used for weighing cattle food and other stores. It is located in the store room. The weigh bridge for which sanction is now applied for is for recording the weights of Livestock and fodder produced in the Farm; these cannot be weighed in the smaller machine. The fodder is weighed with the cart and the weight of the cart is deducted to arrive at the net weight of the fodder.

2. The bigger machine has to be located in a place where carts and livestock can be conveniently taken. This machine is not very sensitive and fraction of a pound cannot be weighed. Hence the purchase of the bigger machine, in the first instance, would not.....



would not have obviated the need for the smaller one.

Yours faithfully,

for DIRECTOR OF ANIMAL HUSBANDRY
MADRAS.

Sub: Live stock - District Live stock Farm, South Kanara - Purchase of weigh bridge - Additional expenditure - Sanction requested

Ref: G.O.M.No.1540.Dev.(D) Department dated 29.10.52

In their order referred to above, Government sanctioned a sum of Rs.4,000/- towards purchase of an over weigh bridge to the District Live stock Farm South Kanara whereas a total sum of Rs.4,054.7.0 has been incurred by the Superintendent when the actual purchase was made as detailed below:

Cost of over weigh bridge	...	Rs.3,315	0	0
Cost of cattle pen	...	450	0	0
Cost of gate and special frame work	...	200	0	0
Packing and forwarding charges		27	8	0
Sales tax	...	61	15	0
Total		Rs.4,054	7	0

I therefore request Government be pleased to ratify the action of the Superintendent in having incurred a sum of Rs.54.7.0 over and above the sanctioned amount in anticipation of Government sanction.

2. In this connection I wish to state that an additional sum of Rs.185/- including centage charges is required for erecting this weigh bridge according to the plan and estimate furnished by the Executive Engineer, South Kanara division, Mangalore. I have countersigned and returned the estimate for Rs.185/- to the Executive Engineer for immediate execution in anticipation of Government sanction. As the erection of the weigh bridge is keenly felt at the District Live stock Farm, South Kanara ~~xxx~~ request Government may be pleased to accord sanction for an additional sum of Rs.239.7.0 (Rupees two hundred and thirty nine and annas seven only) referred to above and also to approve of my action.

3. The expenditure is debitable under "41.Veterinary - Breeding Operations C. Cattle Breeding Farms - H.Post War Reconstruction - 4.Other charges - Purchase of Deadstock".

Sir,

Sub: Animal Husbandry - District Livestock Farm, South Kanara purchase of weigh bridge - Additional expenditure - sanction requested

Ref: Government Memo No.18108.CI/53.2 dated 11.3.1954

The Executive Engineer, South Kanara division, Mangalore who was requested to arrange to execute the erection of weigh bridge at the District Livestock Farm, South Kanara has returned the original estimate amounting to Rs.185/- after revising it to Rs.206/- (Rupees two hundred and six only) with the request to countersign the estimate for Rs.206/- as against Rs.185/- already sanctioned by Government in their Memo quoted above. The difference of Rs.21/- in the estimate was due to levy of centage charges at 14 percent of the estimate as against 2½ percent levied previously assuming that the work will be got done departmentally. I have accordingly countersigned and returned the revised estimate for Rs.206/- for immediate execution by the Executive Engineer in anticipation of Government sanction and request that my action may kindly be approved.

2. I also request that sanction may kindly be accorded to incur an additional expenditure of Rs.21/- (Rupees Twenty One only) thus revising the original sanction from Rs.239.7.0 to Rs.260.7.0.

Sub: VETERINARY--District Livestock Farm, South Kanara--Purchase of weigh bridge.

Ref: From the D.A.H.No.1200-IV/52, dated 13-7-1952.

The D.A.H. has applied for sanction to buy and erect a 3-ton weigh bridge in the District Livestock Farm, South Kanara at a cost of Rs. 4,000/-. The machine is stated to be required to weigh the bigger animals and fodder. This Farm has already a weigh bridge to weigh upto 1000 lbs. cattle, fodder etc. As very few animals are likely to exceed that limit, the existing weigh bridge should do for the present. Of the several cattle farms in the State only two are equipped with the 3-ton weigh bridge. The advantage in having a machine of this capacity is presumably that fodder carts can be weighed as they are, without taking down the freight.

The Livestock Farm in South Kanara was set up quite recently and the 1000 lbs. weigh bridge was bought not long ago. If the Director felt that a 3-ton machine was really necessary he could have gone in for it instead of buying the 1000 lbs. weigh bridge. It is not known why he did not do so.

In any case there is need for the utmost economy in Government expenditure at present and the expenditure does not appear quite necessary. It is for orders whether the proposal will be sanctioned.

Finance may see for remarks.

With reference to the Memo. to the D.A.H. on p.3 c.f. his reply on pp.5-6 may be perused. He reports that it is necessary to purchase a weighing machine of 3 tons capacity for the District Livestock Farm, South Kanara in addition to the smaller scale of 1000 lbs. which is already available. In the circumstances it is for orders whether the Director's proposal will be accepted in this Department.
